Praise & Prayer Items

October 25, 2010

We are back with a lot of news that we were waiting for so we could update all you faithful prayer supporters.

Praise God for...

... we finished our commitment traveling to Windhoek each week to help the *CEF* staff there and we moved from our flat back to our home in Tsumeb last Wednesday.

... God protected us on our move back as we saw a record number of wild animals (100's) along (and crossing) the road as we each drove a vehicle the several hour journey. These animals are a major source of traffic accidents in Namibia.

... from Thursday to today, there were workers in our house to repair the ceilings damaged in the swamp cooler flooding incident. I think it is finished.

... we are almost finished with the moving of the *CEF* office and Trudie!

... the *CEF* North Committee has one new member voted in this month, and some friends (a married couple) are considering one of them joining as well as one of our volunteer teachers. One member of our committee has been away several months and will return in November.

... unbelievably, our work permits were approved *early* and some friends were going to Windhoek on Friday about their work permits ... so they took our payment and passports to turn in for us. We got approved for TWO years!!!!

... the new copy machine arrived and should be set up this week.

... with our work permits approved, we think God is leading us to move to a new area of Namibia to develop *Child Evangelism Fellowship*. In 2011, Lord willing, we plan to go to the coastal towns in the west to scout out the possibilities. There are presently no *CEF* staff members in that area. Praise the Lord for the trained staff - Trudie, Gabes and Erika, along with the volunteers - that we leave in the north to carry on the ministry!!!

Pray to God for...

... Brian to have a good birthday on Tuesday. It is a "special" number, any guesses?

... all the things to be finished up this week in Tsumeb and for our passports to be ready to be picked up from the government in time for us to fly out of country on Friday for vacation and the birth of a new grandchild.

... our daughter Lindsey to have a healthy delivery and baby, preferably *after* we arrive in New York, and for a great visit with family.

... a fun and peaceful vacation. We need it

Thank you for praying and giving and loving us!

We pray for you too. Please do send us your specific requests.

Helping you evangelize the children of Namibia
